DAVID BEKKEVOLD– Sound Mixer

David Bekkevold is an experienced experienced location sound mixer and has filmed both drama and documentary in several countries around the world over a 19 year career. David graduated from The University of the West of England in 2003 where he specialised in sound recording. From 2005 he worked for BBC Bristol. Since going freelance, David's drama work has won BAFTA Best Short in 2009 for September and has been nominated for the Royal Television Society Best Sound Award for Channel 4s The Interrogation Of Tony Martin in 2019.

David can still be tempted by documentaries if it's a good subject and the right people. Recording sound to the highest standard is a given and David considers ADR to be a personal failure.
