Mobile: 07772 960 664

Email: derekbarnardsound@gmail.com

Based in London

Full driver's licence

Personal Statement

I started my journey in location sound at university where I would volunteer for all sound roles on short films. In 2018 I got an amazing opportunity to work as a sound trainee for a 10-part Sky high-end TV drama. During this 9-month production, Paul Schwartz and Duncan Craig took me under their wing. I learnt the fundamentals of recording sound. I learnt how to conduct myself on set and how to communicate with cast & crew. I now want to continue and further my career in location sound. To keep learning and improving as a sound assistant
