WWW.PETERPOLAKSOUND.COM

I am a Production Sound Mixer / Sound Recordist based in London(UK) and Bratislava with experience working on Feature Films, TV Drama, TV Factual, Commercials, Documentaries, Corporate and 360 VR videos.

I own top end sound equipment to cover most production. Whether you need talent wireless microphones, timecode to camera, wireless audio feed to camera, audio playback, director/producer wireless headphones I can all provide that without going to rental house.

I have a clean driving licence as well as health and safety, fire safety, moving and handling certificate. I am fluent in English, Slovak, Czech and Polish language.

I have a degree in sound engineering from The University of Surrey. I am proud AMPS and BECTU member.
