

I have been working as a sound mixer now for nearly 20 years, starting my career on BBC TV dramas including the BBC4 launch drama 'Surrealissimo'. In 2005 I began working on Top Gear for the BBC and when that ended moved to The Grand Tour for Amazon. Alongside this I have been working on dramas and films, in particular I have recorded all of Ben Wheatleys films to date, starting with Down Terrace 10 years ago, through to Highrise, Freefire & Rebecca. I have recently finished TV drama Save Me series 2.
