Customer Service Assistant / Step up manager, 09/2023 – 02/2025 Southern
Co-Op - Bristol

- Taking on managerial duties to assist my team when required.
- Assisting customers in-store and on the telephone.

SKILLS

Sound design and postproduction

I achieved Pro Tools 101, which gave me the necessary tools to use it for sound postproduction. A skill I have been developing through workshops and assignments for games and films.

Additionally, in my internship I have post produced the sound of videos for social media and YouTube to improve the quality of production.

Audio engineer

I am confident in using an Origin Solid State Logic desk as well as setting up equipment like microphones for recording purposes and mixing. I am self-assured in testing and experiment with the acoustics to achieve high quality recordings.

Communication and organisation

My role at Southern Co-Op has strengthened my communication skills by handling customer inquiries and resolving issues efficiently. I have also developed strong organizational abilities by managing inventory, supervising staff, and ensuring the store operates effectively.

PROFESSIONAL DEVELOPMENT

- **Broadcast**- I set up the audio for UWE Battle of the Bands broadcast .
- **Film audio** - I assisted UWE film students in recording the audio for a short film they were producing.
- **Sound Engineering** – Aided in setting up and preparing monthly music events at The Atrium in UWE Frenchay campus.
- **Shure Audio Institute online training** – To help further my knowledge I completed various training courses and gained certificates of completion.
